I HAVE A JOB, BUT I CANNOT AFFORD THE HEALTH INSURANCE MY EMPLOYER PROVIDES. IS THERE A PROGRAM FOR MY FAMILY?

Yes. We can help you get affordable health insurance for your children for all of their health needs, including doctor visits, dental and vision exams and hospitalization. Parents are often eligible for low-cost health programs that provide medical and pharmacy care.

I EARN TOO MUCH TO QUALIFY FOR MEDI-CAL. DO I HAVE TO EARN LOW WAGES TO QUALIFY?

No. There are programs for low-income families and for those who make considerably more. For example, a family of four can earn up to \$4,263 gross income per month and insure their children very affordably.

I AM NOT A LEGAL CITIZEN OF THE UNITED STATES. WILL IT HURT ME TO APPLY FOR HEALTH INSURANCE FOR MY CHILDREN?

No. Children are often eligible for full coverage under health insurance programs such as Healthy Kids and can get all of their medical, dental, vision and hospitalization needs covered - regardless of their parents' legal status.

I HAVE BEEN DENIED MEDI-CAL IN THE PAST BECAUSE I OWN MY HOME. IS MY FAMILY ELIGIBLE FOR THESE HEALTH INSURANCE PROGRAMS?

Yes. Today you can own a car and your own home and still be eligible for Medi-Cal. Income determines eligibility for these and other programs and it does not matter if you own property.

I AM AN ADULT WITHOUT CHILDREN. IS THERE A WAY FOR ME TO GET MEDICAL CARE?

Yes. There are community health programs for adults who have low incomes and who are not eligible for health insurance. These programs provide limited medical, pharmacy and even dental coverage, if needed. Depending on income, the program you are eligible for may be free or relatively low cost.
