Reduce the cost of emergency medical services and ambulance transportation costs through the Paramedic Subscription Program.
The National Fire Protection Association has important information and resources to help keep you and your family safe from fire and related hazards.

If you see something, say something.
# Get to Know Your Neighbors!

When disaster strikes and you're not home, who can check on your family, pets, or home? -- Your neighbors, of course. Your neighbors can respond faster than anyone else in an emergency. That's why it's crucial to get to know your neighbors. They can help improve your safety.

1. Complete the form with your emergency contact information, and your neighbor's contact information.
2. Take a photo of the form on your smartphone so you can access it from anywhere.
3. Post the form in an accessible location at home.

**In case of an emergency, please contact:**
