The San Gabriel Valley Council of Governments (SGVCOG) – in partnership with Los Angeles Metro (Metro) – is successfully completing the San Gabriel Valley Transit Study analysis that began in July 2021 and is wrapping up in December 2023.

### WHAT:

The SGVCOG will host both a virtual and an in-person community workshop on Wednesday, Nov. 29. These sessions aim to present an update on the ongoing Transit Study, which began with exploring 15 potential transit alternatives. With continued progress and valuable public feedback, this list was narrow down to seven options. We're currently focusing on the final five transit solutions and eagerly invite your insights and opinions to serve better our communities, residents, commuters, and visitors.
